GREENLEE'S NEW TG-600 INFRARED THERMOMETER

ROCKFORD, Ill.— Greenlee's TG-600 is a new safe, non-contact infrared thermometer that offers an optical resolution of 12:1 and is more than adequate for the needs of electricians in commercial, industrial, and residential applications.

The Greenlee TG-600 also has the capability to display temperature in either Fahrenheit or Celsius, features a vivid backlit display for use in low light conditions and an auto power off for longer battery life. The TG-600 also comes with a Lifetime Limited Warranty.

The TG-600 laser indicates the approximate center of a target area and has a temperature range of -4°F to 932°F (-20°C to 500°C). The accuracy rate 4°F (±2°C) and the repeatability is within ±2°F of a reading. There is a response time of 500ms, 95% and the emissivity is preset at 0.98.

For more information on GT-600 non-contact infrared thermometer, or other test instrument products from Greenlee, a Textron company, contact Greenlee, 4455 Boeing Drive, Rockford, Illinois 61109-2988. Phone (815) 397-7070. Fax (815) 397-1865 or visit the website at www.greenlee.com.
